deconstructs the accounts of structure and agency embedded within differing IR theories and, on the basis of this analysis, explores the implications of ontology – the metaphysical study of existence and reality.

Agents, Structures and International Relations

Waltz defined that international political systems (IPS) have an anarchic structure, being composed mainly by the interactions that involve the use or threat of the use of the force among political organizations which are not subordinated to a higher authority able to impose limits on the behavior of agents (Waltz 1979; Buzan and Little 2000, 92).

Agency, Structure and International Politics | From ...

The debate over the role of agency and structure occupies two axes. The first is the engagement of FPA with broader debates over agency and structure in international relations scholarship. The second is the tension between agency and structure in FPA that emerges once psychology is incorporated into the analytical matrix.

Agents, Structures and International Relations by Colin Wight

The concepts of agency and structure are of increasing and defining importance to international relations and politics as fields of enquiry and knowledge. This is the first book to explore the two concepts in depth in that context.

STRUCTURE AND AGENCY IN INTERNATIONAL RELATIONS: STATE ...

Agency, the property or capacity of actors to make things happen. The concept of agency is central to political theory. Political activities are carried out by agents, whose agency inheres in their power to produce effects. In politics, agency is generally reserved for human actors, and, more controversially, it is sometimes attributed only to particular categories of persons.

Agency, Structure and International Politics eBook por Gil ...

The ideas constituting an interest in revisionism do not have the same kind of causal powers as the belief that other states obey international law. These distinctions mean that it may be useful for analytical purposes to treat the distributions of the three elements as separate "structures" (material structure, structure of interests ...

(PDF) The Agent-Structure Problem in International ...

According to Waltz and other neorealists, the structure of the international system limits the foreign-policy options available to states and influences international institutions in important ways. The United Nations (UN), for example, mirrors the structure of the existing international system insofar as it is dominated by leading powers such as the permanent members of the Security Council.

Agency, Structure and International Politics: From ...

While the structure–agency debate has been a central issue in social theory, and recent theoretical reconciliation attempts have been made, structure–agency theory has tended to develop more in European countries by European theorists, while social theorists from the United States have tended to focus instead on the issue of integration between macrosociological and microsociological perspectives.
