Moving the World. The A320 is one aircraft in four sizes (A318, A319, A320 and A321), representing the most successful and versatile jetliner family ever. Seating from 100 to 240 passengers and flying throughout the world, with the widest single-aisle cabin, an A320 takes off or lands every 1.6 seconds. From the heat of the desert to icy Antarctic runways, or from short runway urban environments to remote high-altitude airports, the A320 can take passengers anywhere.

A320 Family - Passenger aircraft - Airbus

The A320 was the model aircraft for Airbus that pushed the company to become a household name. With more than 400 orders before the aircraft even took flight (especially compared to the earlier A300 that only had 15 orders), the A320 series would quickly become a staple product for the company. However, only one year after the A320 family launched, Airbus announced a further derivative of ...
