Used Honda Xrs for Sale | Oodle Classifieds

Aside from uncorking the intake & exhaust/jetting (yawn) I'm betting the best bang for the buck on a stock XR 100 is a lightened flywheel. While this won't show an improvement in horsepower generated by the engine, it does reduce the weight on the crank and provides a great improvement on acceleration.

The Honda XR series is a range of four-stroke off-road motorcycles that were designed in Japan but assembled all over the world.. Some of the XR series came in two versions: R and L.The R version bikes were enduro machines designed for off-road competitive riding. They were fitted with knobby off-road tires and were not always street legal.The L version models were dual-sport trailbikes ...

Honda done none of the above on the XR650L, but they added air scoops to the sides of the bike. The factory air scoops are functional, but they are not going to do much at low speeds. The XR650L is not intended for the same use as the off-raod only XRRs', if a persons rides it harder than intended, there will be overheating problems.
