## **Forensic Biology Manuals - New York**

The biology laboratory manual by Vodopich and Moore was designed for an introductory biology course with a broad survey of basic laboratory techniques. The experiments and procedures are simple, safe, easy to perform, and especially appropriate for large classes. Few experiments require more than one class meeting to complete the procedure.

## **PDF | Biology I Laboratory Manual**

This lab manual covers thirteen lab exercises for a one semester introductory biology lab class for non-science majors, pre-biology majors, or pre-allied health majors. It would benefit from at least two additional exercises to work for a 15 week semester and would benefit greatly from the addition of alternate lab exercises to enable instructors to tailor the lab content to the needs of their particular courses.
