### **Board of Certified Safety Professionals**

CSP Program Overview. The CSP certification is awarded to individuals who work in a full-time professional position where at least 50% of their duties are tasks designed to prevent the harm of people in the workplace. Examples of such duties include determining risks through workplace assessments, the identification and control of potential hazards, incident investigation, the maintenance and evaluation of incident/loss records, and the preparation of emergency response plans.

### **Certified Safety Professional Study Guide**

To get a certification for your knowledge and earn the designation of Certified Safety Manager (CSM), you'll need to take a training course and pass a test. The National Association of Safety Professionals (NASP) offers an approximately 40-hour course. You'll have up to six months to complete the training.
