e-HRM (Electronic-Human Resource Management) emerged as a result of the advent of information technology. e-HRM takes advantage of the latest information technology to deliver an online real-time Human Resource Management solution. Although e-HRM is relatively new, it has been extensively researched. However,

much of the literature on e-

Electronic HRM in Theory and Practice - Google Books

The E-HRM technology provides a portal which enables managers, employees, and HR professionals to view, extract, or alter information which is necessary for managing the HR of the organization. Additionally, with the use of E-HRM, fewer HR professionals are needed since E-HRM eliminates the "HR middleman".
