Group Work A Counseling Specialty [EPUB]

Groups: A Counseling Specialty is a comprehensive look at groups, covering the history of group work, the dynamics of groups, leadership in groups, ethical issues in groups, multicultural aspects of groups, stages of group development, groups across the life span, and the theoretical basis for working with groups. The coverage is current, the style is clear and interesting, and the book challenges students to reflect on what they have learned, as well as on their own experiences in groups.

Three Rivers Therapy | Services

The mind can often heal itself naturally, in the same way as the body does. Much of this natural coping mechanism occurs during sleep, particularly during rapid eye movement (REM) sleep. EMDR utilizes this natural healing ability of your body. After a thorough assessment, eye movements, similar to those during REM sleep, will be recreated simply by asking you to watch the therapist's finger ...
