“What you think you create, what you feel you attract, what you imagine you become.” The Law of Attraction is one of life’s biggest mysteries. Very few people are fully aware of how much of an impact the Law of Attraction has on their day to day life. Whether we are doing it knowingly or unknowingly, every second of our existence, we are acting as human magnets sending out our thoughts ...

Law of inertia, also called Newton's first law, postulate in physics that, if a body is at rest or moving at a constant speed in a straight line, it will remain at rest or keep moving in a straight line at constant speed unless it is acted upon by a

force. The law of inertia was first formulated by Galileo Galilei for horizontal motion on Earth and was later generalized by René Descartes.

PC Gutteridge is famous in the annals of murders of British policemen mainly as a result of the final act of barbarism before his killers fled the scene of the crime. They were from a society which believed that the eyes retained the image last seen, hence, although he was already dead, they shot him through the eyes....
