November 12, 2015. In *Palace of Ashes: China and the Decline of American Higher Education* ( Johns Hopkins University Press ), Mark S. Ferrara contrasts the “downward trajectory” of American higher education against the rise of China’s university system. Ferrara, an associate professor of English at the State University of New York at Oneonta, argues that reductions in public funding and deprofessionalization of the faculty have left American higher education ill prepared to compete in ...

Palace of Ashes argues that the overall quality of U.S. institutions of higher learning has declined over the last three decades. Mark S. Ferrara places that decline in a broad historical context to illustrate how the forces of globalization are helping rapidly developing Asian nations--particularly China--transform their major universities into serious contenders for the world's students, faculty, and resources.
