The Commanding Heights: The Battle for the World Economy is a book by Daniel Yergin and Joseph Stanislaw first published as The Commanding Heights: The Battle Between Government and the Marketplace That Is Remaking the Modern World in 1998. In 2002, it was adapted as a documentary of the same title and later released on DVD. The Commanding Heights attempts to trace the rise of free markets during the last century as well as the process of globalization. Yergin attributes the origin of the phrase

Amazon.com: The Commanding Heights: The Battle Between ...

The Commanding Heights: The Battle of Ideas episode explains the economy's change in structure between 1914 and 1970, as well as the functioning of the markets and government during that time. John Maynard Keynes and Friedrich von Hayek both had influential roles on the economy in the 20th century due to their opposing arguments regarding aggregate demand and classical liberalism, respectively.

The Commanding Heights: The Battle Between Government and ...

Of Dr. Yergin's subsequent book, Commanding Heights: The Battle for the World Economy, the Wall Street Journal said: "No one could ask for a better account of the world's political and economic destiny since World War II." This book has been translated into 13 languages and Dr. Yergin led the team that turned it into a six-hour PBS/BBC documentary — the major PBS television series on globalization.

The Commanding Heights: The Battle between Government and ...

In their analysis of the new world economy, *The Commanding Heights: The Battle Between Government and the Marketplace That Is Remaking the Modern World*, they examine "the individuals, the ideas, the conflicts, and the turning points" that are responsible. And by considering events such as the ongoing Asian monetary crisis, they suggest what the ultimate interconnection of financial markets might mean in the future.

Commanding Heights: Home | on PBS

The name comes from "the Commanding Heights of the Economy" - big industry. The story is of the global fight for control of it - public versus private. We live in a society where free markets are assumed to be the only alternative (if not an ideal one) but history could have proved otherwise.

The Commanding Heights : The Battle for the World Economy

...

A brilliant narrative history, *The Commanding Heights* is about the most powerful economic forces at work in the world today, and about the people and the ideas that are shaping the future. Across the globe, it has become increasingly accepted dogma that economic activities should be dominated by market forces, not political concerns.
